Sacred Design Group is an award winning, collaborative sculpture and design studio for the worship community. ☐

With over 30 years of business, we have been bringing artistry and innovation by combining sculpture with multiple design disciplines. Sacred's approach to liturgical sculpture and design focuses on exploring the history of the denomination and engaging the community of worshipers in a dialogue to define their vision. We work from concept to completion, independently, or in collaboration with other design professionals. From individual hand-carved sculptures and furnishings to complete interior design development and consultation, our emphasis on client needs allow us to provide spiritual and timeless art and environments that enhance your worship experience.
